Requirement on MEN-15861, A Czech Analog Computer

The Czech analog computer, MEN-15861, is to be evaluated at the Bureau of Ships, US Navy, Washington, D.C.

It is requested that a copy of this evaluation be obtained for I/EE, and that the following information be included in this analysis:

1. The price of the computer if it was purchased and a comparable US analog computer;
2. Comparable US cost of production of this type computer;
3. Any information pertaining to the producer of the computer and its components, that is information from the accompanying brochure [REDACTED] If the Bureau of Ships is not equipped for this type of analysis, include a reproduction of the brochure [REDACTED]
4. A comparison of quality between the Czech computer and comparable US computers, including quality of components used; and, [REDACTED] 25X1B4d
5. Production rate information obtainable from [REDACTED] 25X1B4d

[REDACTED] 25X1A9a
